

Data Mining and Machine Learning CAP6673 - SPRING 2024

Instructor: Dr. Taghi M. Khoshgoftaar, Department of Electrical Engineering and Computer Science, EE Room 511, Telephone (561) 297-3994, Fax (561) 297-2800.

Email: khoshgof@fau.edu
WWW: <http://www.cse.fau.edu/~taghi>

Office Hours: Tuesday and Thursday 2:00 – 3:30 PM (by phone and appointment only)
In-person office will be accommodated on request and appointment only

Text: *Data Mining: Practical Machine Learning Tools and Techniques*,
by I.H. Witten and E. Frank (4th Edition);
Selected articles and papers.

Prerequisites: Graduate standing or permission of instructor

Objective of the course: To enable students to understand basic concept of data mining algorithms with an emphasis on real world applications.

Catalog Description: This course deals with the principles of data mining. Topics covered include machine learning methods, knowledge discovery and representation, classification and prediction models.

Grading:

Homework assignments, and Summaries.	55%
Term project	25%
Exam (April 16)	20%
