Special Issue of the Journal

A selection of papers from the Workshop will be invited for a special issue of the *Journal of Multimedia Tools and Applications* (Kluwer).

The **Workshop on Wireless Multimedia** will be held in conjunction with the **IEEE Sixth International Symposium on Multimedia Software Engineering (IEEE MSE2004, 12/13/04 - 12/15/04)** at **Florida International University, Miami, FL**. MSE2004 is an international forum for researchers and practitioners in multimedia and software engineering to exchange information regarding the advancements in the state of the art and practice of multimedia software engineering, as well as to identify the emerging research topics and define the future of multimedia.

The **Workshop on Wireless Multimedia** will be held on December 14, 2004, and will focus on the recent developments and research challenges in the area of wireless multimedia. Topics of interest include:

- Multimedia over 3G Networks
- Multimedia Applications
- Fixed or Mobile Wireless Multimedia Access
- Quality-of-Service and Admission Control
- Multimedia Network Architecture and Protocols
- Compression Techniques
- Content Adaptation
- Video over Wireless Networks
- Multicasting in Wireless Environment
- Peer-to-Peer Multimedia Streaming
- Session Migration and Session Handoff

An electronic version of the full paper should be submitted via e-mail to wwm04@cse.fau.edu by June 1, 2004. Please check the workshop website (<http://www.cse.fau.edu/~hari/wmm04>) for manuscript preparation guidelines. The accepted papers will appear in the Conference Proceedings published by the IEEE Computer Society Press.

Important dates:

June 10, 2004 Paper submission deadline – **EXTENDED to JUNE 10!**
August 20, 2004 Notification of acceptance
September 20, 2004 Camera-ready copy of accepted papers due
December 14, 2004 Workshop in Miami!
